

MetaSpiritual Interpretation of John 3:16

The Omnipresent Universal Reality
(*God*) expresses Itself as humankind (*so
loved the world*) through Its Cosmic
Logos Nature as us (*the Only Begotten
Son*), and whosoever comes into that
transcendental awareness (*believeth*) will
move beyond the illusion of separation
and duality (*shall not perish*) and remain
eternally one with their Self-Realized
Y☉Universal Nature
(*have everlasting life
[grasp their Divine Genealogy]*).

New Words!

Love Potion 3:16

I made a list of all that's wrong with me ~
That list was longer than the eye could see ~
But when my time at Headquarters convened
I got a little lesson in
Love Potion 3:16.

I tried to justify my lack of faith
And why my self talk seemed to cause such ache ~
But then in the Silence something intervened
And said, "What you need is
Love Potion 3:16."

From deep down within me I sensed a rush of light ~
I knew in that moment that everything was right ~
I had no separation, felt incredible ease ~
I took a breath, I closed my eyes, I drank in peace!

I didn't know if it was day or night ~
I just felt love for everything in sight ~
I've never been the same and it's very plain to see
The Truth of who I am is
Love Potion 3:16!
